

J. J. KELLER® DOT DIAGNOSTIC AUDIT & ASSESSMENT

Measures Fleet Safety & Compliance & Provides Rating Benchmark

Gain a competitive advantage few other fleet operations can match with the data and objective third-party insights that allow your company to:

- Ensure compliance
- Reduce accidents and liability
- Control insurance premiums
- Increase profitability
- Improve CSA scores
- Mitigate serious risk
- Adopt industry best practices

It's possible with the **J. J. Keller® DOT Diagnostic Audit & Assessment**. Our team of regulatory specialists will work with you on-site to analyze and rank your company's performance in four key areas. Scores from your **DOT Diagnostic Audit & Assessment** will then feed your company's overall **J. J. Keller® Performance Rating**. It's the key indicator of the effectiveness of your safety & compliance program.

Compliance Audit	Safety Management Assessment	CSA Performance Review	Best Practice Evaluation	J. J. Keller® Performance Rating
<ul style="list-style-type: none"> • Vehicle Maintenance • Accident Management • Driver Logging • Hazmat Handling • Drug & Alcohol Program Management • Driver Qualification File Management 	<ul style="list-style-type: none"> • Policies & Procedures • Roles & Responsibilities • Qualification & Hiring • Training & Communication • Monitoring & Tracking • Meaningful Action 	<ul style="list-style-type: none"> • Crash Indicator • Driver Fitness • Hazardous Materials Compliance • Hours of Service Compliance • Vehicle Maintenance • Unsafe Driving • Controlled Substances & Alcohol 	<ul style="list-style-type: none"> • Current Best Practice Review • Recommended Implementation of Industry-Wide Best Practices 	<p>Your scores in each area feed this overall rating. It indicates your fleet's current safety & compliance performance. We'll use it to benchmark your company against other organizations, compare performance among facilities, and track your program's progress.</p>

How you'll benefit from a third-party audit:

- Obtain objective evaluation of what your safety and compliance performance is today, what it needs to be, and what it will take to get your performance where you want it
- Leverage industry knowledge and experience that you may not have in-house
- Know where to focus your time and attention
