J. J. KELLER®

ENVIRONMENTAL MANAGEMENT PROGRAM (CONT.)

Guidance & Resources Included:

J. J. Keller® Dedicated World-class Expert — One of our compliance professionals will work directly with you at your facilities on a scheduled basis, and be available for you via phone and email with unlimited regulatory support.

Compliance Assessments — Ongoing onsite assessments will identify your facility's federal, state and local applicable environmental requirements.

Environmental Reporting/Permits — Includes SPCC Plans, Tier II Reporting, and others. Your Consultant ensures your reports and permits are filed accurately and on-time, relieving you of this time-consuming effort.

Environmental Plans — Development of regulatory plans such as contingency, stormwater, and SPCC.

Custom Compliance Plan — We'll create a plan that specifies reporting deadlines, inspections, permit renewals, and training to accomplish; owners of action items; and a timeline for work to be completed.

Inspection Support — Your consultant will provide assistance in the event of an EPA or local agency audit with upfront guidance and ongoing follow-up support.

Training Customization — Your Consultant will develop a custom training plan and curriculum, then identify who needs to be trained on what topics. Common courses include hazardous waste, SPCC, and stormwater pollution prevention.

KellerOnline® Subscription — J. J. Keller's online workplace safety tool will help you proactively manage compliance.

Online Training Points — Address ongoing needs with any of J. J. Keller's interactive online training programs.

Monthly Regulatory Webcasts — Presentations delivered by J. J. Keller's regulatory subject-matter experts.

15% Product Discount — Save on thousands of our compliance and safety products.
