

The J. J. Keller® Compliance Tablet™

Making E-Logs **EASY**.

The **J. J. Keller® Compliance Tablet™** offers you a simple, flexible, turnkey solution for easily integrating E-Logs into your fleet. The J. J. Keller® Compliance Tablet™ is part of an **all-inclusive E-Log system** powered by the Encompass® web-based back office. Choose the J. J. Keller® Compliance Tablet™ to give your drivers an E-Log system they can use right out of the box.

The J. J. Keller® Compliance Tablet™ Includes:

- Bundled system
- Remote technical support
- Optional CoPilot® Truck™ navigation
- 4G Verizon network coverage
- Crisp 9.6" screen
- Compatible with all editions of Encompass, from E-Logs only to full driver and vehicle performance management
- Mixed fleet compatibility (class 1-8)
- Easy-to-use Android™ technology
- Pre-loaded with the J. J. Keller Mobile® app
- 2014 *Heavy Duty Trucking* Top 20 Product

Optional CoPilot® Truck™ Navigation

With the CoPilot® Truck™ navigation system, professional drivers using the J. J. Keller® Compliance Tablet™ will be able to:

- Generate the best legal route based on their vehicle's height, width, length, weight and number of axles
- Optimize routes that include up to 50 stops
- See 2D, 3D and directions-only views
- Receive detailed voice instructions
- See speed limit display
- Get load-specific routing to avoid roads that restrict hazardous materials
- Locate driver points of interest, including truck services, truck stops, rest areas, weigh stations and CAT scales
