

J. J. Keller®

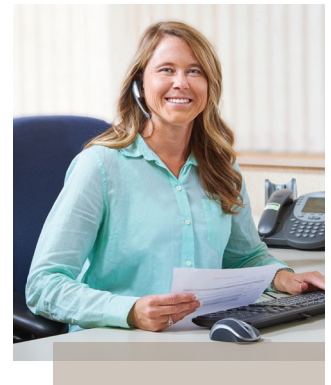

Driver DataSense™ Service for Paper Log Users

Get expert compliance guidance from your driver data

The J. J. Keller® Driver DataSense™ Service combines our experienced J. J. Keller® regulatory experts with our data collection system to provide you with daily intelligence regarding your Hours of Service compliance. This service provides a comprehensive audit of your drivers' paper logs to help you identify possible log falsifications, maintain compliance with Hours of Service requirements, and avoid costly fines.

Partnering with J. J. Keller will help you:

- › Improve safety and productivity while minimizing risks
- › Get consistent application of FMCSA regulations for Hours of Service
- › Minimize audit risk, fines and litigation
- › Reduce administration burden

This service provides a win-win partnership between you and your J. J. Keller® DOT experts

WE WILL:

- Take complex and time-consuming work off your hands
- Create electronic images of drivers' paper logs
- Audit Hours of Service data for compliance with the interstate regulatory requirements of FMCSR Part 395 and identify Hours of Service violations
- Provide professional support in the event of a DOT audit or intervention

YOU BENEFIT:

- A dedicated Client Service Specialist will monitor your data and proactively work with you to ensure Hours of Service compliance
- All your drivers' paper logs will be in one searchable database for the required six months
- An online portal will provide a holistic view of your fleet operations where you can see paper logs, any time records you enter, and ELD data when you transition to an electronic log system
- Driver counseling tools, such as notifications, reports and letters will help protect your fleet and improve safety
- You will have more time to focus on managing drivers, not data
