

The J. J. Keller® Compliance Tablet™

Making ELogs EASY.

The **J. J. Keller® Compliance Tablet™** offers you a simple, flexible, turnkey solution for easily integrating ELogs into your fleet. The J. J. Keller® Compliance Tablet™ is part of an **all-inclusive ELog system**, which includes the J. J. Keller Mobile® logging app, a J. J. Keller® ELD, and the J. J. Keller® Encompass® web-based back office. Choose the J. J. Keller® Compliance Tablet™ to give your drivers an ELog system they can use right out of the box.

J. J. Keller® Professional Compliance Tablet™

- Ideal for less rugged environments
- 8.0" 1280 x 800 screen
- 32°F to 95°F operating range

J. J. Keller® Semi-Rugged Compliance Tablet™

- Semi-rugged, durable construction
- Indoor/outdoor, uniquely bright 8" display
- -4°F to 140°F operating range
- Locking dock station included

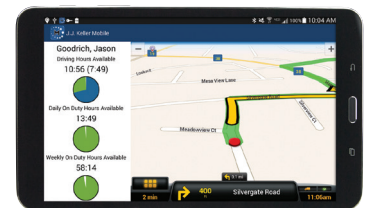

BOTH OPTIONS INCLUDE:

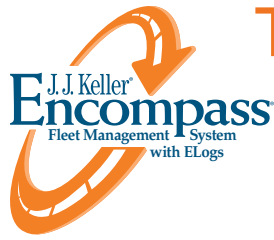

- Compatibility with all vehicle classes (1-8)
- Full support from J. J. Keller Customer Care and the ability to remotely access the device for technical support and troubleshooting 24/7
- Freedom from having to purchase compatible devices and data plans
- Electronic recording of drivers' hours of service to reduce in-cab paperwork, streamline workflow and help improve CSA scores
- Ability to dedicate each tablet to a vehicle so it's always available to the driver
- Lock-down function so drivers can't run non-approved applications
- "Roadside Inspection" mode that displays the required information
- Compliance with the ELD mandate without a hardware swap out

Optional CoPilot® Truck™ Navigation

By adding CoPilot® Truck™ navigation system, professional drivers using either option of the J. J. Keller® Compliance Tablet™ will be able to:

- Generate the best legal route based on their vehicle's height, width, length, weight and number of axles
- Optimize routes that include up to 50 stops
- See 2D, 3D and directions-only views
- Receive detailed voice instructions
- See speed limit display
- Get load-specific routing to avoid roads that restrict hazardous materials
- Locate driver points of interest, including truck services, truck stops, rest areas, weigh stations and CAT scales
