

WOMEN'S SIZING GUIDE: TSHIRTS

Our size charts may be different than ones you have previously used. Please compare your measurements to those listed on the chart to determine the size that best fits you. Follow the guidelines below to obtain the ideal fit. DO NOT assume that the size you normally purchase is the correct size for these garments.

HOW TO MEASURE

WHEN WEARING ALONE

If you are purchasing an article of clothing that you wish to wear by itself (t-shirt, polo, pants, etc.), please use body measurements to find the correct fit.

WHEN WEARING OVER OTHER APPAREL

If you are purchasing a garment to be worn over other clothing (jacket, rain gear, sweatshirt, etc.), it is important to measure yourself while wearing that other clothing.

With women's sizing, you can help make sure employees get the proper fit for maximum safety and comfort.

| Measurement | S | M | L | XL | 2XL | 3XL |
|--------------------|----------|----------|----------|----------|----------|----------|
| A Chest | 30-34" | 36-38" | 40-42" | 44-46" | 48-50" | 52-54" |
| B Waist | 29-33.5" | 34-37.5" | 38-41.5" | 42-45.5" | 46-49.5" | 50-53.5" |
| C Hip | 30-34" | 36-38" | 40-42" | 44-46" | 48-50" | 52-54" |
| D CB Length | 25.5" | 26.25" | 27.5" | 27.75" | 28.5" | 29.25" |
